# Autumn Studio Update

Hi!

A short email to let you know that the [online shop](#) is now open, with updated stock still being added just out of the kiln, including rocks range vessels, cups, bowls, natural range large bowls, cups, vessels, vases and wearable art pieces.

Some info on new work, exciting stuff happening in workshops, upcoming work and exhibitions. There is also a special subscribers discount at the bottom of this newsletter!

Enjoy the visit and thank you for all your support!

---

## New work

New rocks range pieces have been completed, vessels, vases, bowls and hug mugs. These vessels are wheel thrown in a smooth white clay and hand painted with a range of underglazes and stains. Inspired by the beautiful east coast and Hawley beach rocks.

s a l a d - large salad bowl hand crafted, textured rock like finish and glazed in breaking almond and iron oxide wash.

r o c k s - wheel thrown vase in white raku, textured rock surface and hand painted with stains and chalks. Glazed inside clear with copper wash.

v i s t a - wheel thrown vessel in an iron rich clay, decorated using slips and carving inspired by the headland, glazed with almond and clear glazes

m o u n t a i n - jug, wheel thrown and altered using an iron rich clay, decorated using slips and carving inspired by the Narawntapu mountain ranges. Layered glazes inside and out with iron oxide wash.

# Workshops

Workshops continue to be busy and a great introduction to your own pottery journey, I'm currently running 2 workshops per month, this includes group bookings.

More recently has seen the introduction of the "Mould your masterpiece" workshops where participants can bring an idea or inspiration to bring to life. This has seen some great ideas and challenges presented. Group workshops are also keeping me very busy behind the scenes!

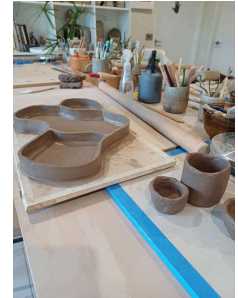

Upcoming June workshop dates:

Saturday 21st June

Sunday 29th June

# Exhibitions

I've been busy planning for upcoming exhibitions with North West Art Circle and Tasmanian Ceramics Association. I love the challenge of coming up with a new idea or concept for exhibitions, it really enables me to expand and grow in my ceramics practice.

NW Art Circle's annual exhibition will be held in May at the Devonport Regional Gallery: *here's a sneak peek at my piece in progress, fingers crossed it survives the firing!*

NW Art Circle Annual Exhibition:  
17th May to 28th June

TCA members exhibitions:

**Full Circle** @ SOCIAL Gallery Hobart -  
4th to 23rd June.

**Earth Works** @ Sidespace Gallery Hobart -  
27th Aug to 7th September

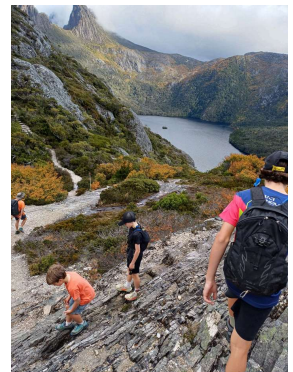

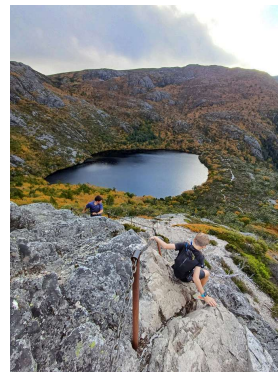

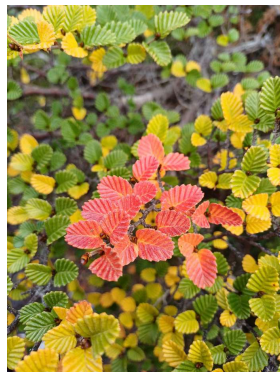

**Textured** @ Harmony on High Street  
Campbell Town - 29th Aug to 24th September.

# Upcoming work

A recent walk at Cradle Mountain for the turning of the fagus has inspired the creation of a new body of work, featuring clay vessels depicting the beauty of this magical area. The ancient trees, rocks, and feelings invoked by the landscape will be captured in this upcoming collection. Keep an eye out for this inspiring project on socials!
